

A high-angle, over-the-shoulder shot of a person with dark, wavy hair wearing large black headphones. They are looking at a computer monitor which displays a blurred blue and white interface. The background is softly blurred, showing what appears to be a desk and another person's arm in the distance.

## Online Safety Resource Guide 2024

Navigating the internet should be an adventure, not a worry, so to support schools this Safer Internet Day we're thrilled to offer you this Online Safety Toolkit packed with free resources to unlock the magic of online learning while safeguarding every step.

No need to trawl the web for hours – we've done the legwork! Inside, you'll find interactive activities, thought-provoking discussions, and age-appropriate guidance for students, teachers, and your family.

As a bonus, you'll also have eye-catching posters to spread the safety message inside and outside of school.

So, whether you're an educator, a parent or a student eager to explore the online universe, this guide is for you. Dive in, share it with your network, and let's begin the journey towards a safer, smarter, and more empowering online experience for all.

## Resources for Primary Education

### [Official Safer Internet Day Resources 2024](#)

[Ages 3-7](#)

[Ages 7-11](#)

### [Online Safety Calendar](#)

This annual 'Online Safety Calendar' offers you engaging ways of incorporating online safety advice into the curriculum.

### [BBC – Online Safety Resources](#)

A collection of teaching resources that can be used to explore online safety with both primary and secondary pupils.

### [Jessie and Friends – 4-7s Website](#)

A fun and interactive website for 4-7 year olds, based on the Jessie & Friends animated series.

### [Limiting harm from upsetting content](#)

Advice and activities, adaptable for use with learners aged 5-11 years old about how to respond if they see upsetting content online.

## Undressed

Being coerced or tricked into revealing themselves online is not exclusive to teenagers and so these resources help to open the conversation with younger children and why.

## The Online Together Project

A tool promoting a positive and inclusive culture online.

## All Fun and Games?

### Ages 3-7

Learning activities for exploring respect and relationships online, with a focus on gaming and interactive entertainment spaces.

### Ages 7-11

## Play, Like, Share

This three-episode animation for 8-10 year-olds helps them to learn how to spot pressuring and manipulative behaviour online and to stay safe from other risks they might encounter online.

## Reel Life

### (Video)

### (Printable version)

An interactive resource to help young people aged 9-14 identify the potential risks of social media.

## Moving on up (videos)

A toolkit with videos and lesson plans for adults helping young people aged 10-13 with the online aspects of moving to secondary school.

## Just a joke?

Lesson plans, quick activities, a quiz and a teaching guide designed to explore problematic online sexual behaviour with 9-12 year olds.

## Be SMART online

A leaflet for 4 -11 year olds on Childnet's SMART with a heart rules for safer internet use.

## Watching and sharing videos online

A lesson plan looking at watching and sharing videos online for young people under the age of 13.

## Being Smart with Your Smartphone

The lesson is designed for teachers to use with 8-11 year olds to help them understand that it is possible to spend real money through their phones, recognise how this can happen and avoid being caught out.

## Online Identity Toolkit

### Ages 3-7

### Ages 7-11

A series of education packs to encourage young people to explore how they manage their online identity, and how the internet shapes how they think of themselves and others.

# Resources for Secondary Education

## [Official Safer Internet Day Resources 2024](#)

[Ages 11-14](#)

[Ages 14-18](#)

## [Artificial Intelligence and Online Safety](#)

AI is changing the way we use technology. This hub breaks down everything you need to know about how to continue to stay safe online.

## [Digital Wellbeing](#)

Information, guidance and resources to help support digital wellbeing in children and young people.

## [Trust Me](#)

This resource focuses on inaccurate and pervasive information online and opens up discussions to develop critical thinking skills.

## [BBC – Online Safety Resources](#)

A collection of teaching resources that can be used to explore online safety with both primary and secondary pupils.

## [To stream or not to stream?](#)

Learning activities to generate discussion about livestreaming and related online safety messages.

## [Fake News?](#)

Welcome to the Snopes Daily Challenge Game. Let's see if you can determine if a claim is true or false.

## [Digital Resilience](#)

A lesson plan to help young people aged 11-14 manage their online lives and build their digital resilience.

## [DON'T @ ME](#)

A lesson exploring what cyberbullying is and how to manage behaviour online.

## [Digital Leaders](#)

The Childnet Digital Leaders Programme is a youth leadership training programme empowering young people to educate their peers about online safety.

## [Online Safety and Gaming](#)

From socialising online to in-game purchases to the future of interaction, find out everything you need to know about online safety in gaming.

## [FRIEND REQUEST PENDING...](#)

A lesson which explores the positive and negative aspects of meeting new people online, and how to spot the warning signs.

## [Going Viral – Lesson Plan](#)

A comprehensive module introduction to the Going Viral module for teachers and educators including: background content, key points to consider, curricular link, lesson objectives, ground rules and safeguarding advice.

## [#NoFilter](#)

A lesson which focuses on the impact social media can have on our self-esteem.

## [Step Up, Speak Up!](#)

The Step Up, Speak Up! Teaching Toolkit is a practical, interactive and scenario-based resource which addresses the issue of online sexual harassment amongst 13-17 year olds.

## Online Safety and Social Media

Social media has the power to connect people from all over the world. This is a break down of everything you need to know about staying safe on social media.

## Find the Fake

Can you find the fake online? Select an age-appropriate quiz to play as a group (adults versus children) to learn and test your knowledge on fake news, disinformation and misinformation and how to stop it from spreading.

## Digital Matters

The Digital Matters platform uses free interactive lessons and dynamic storytelling to help teachers engage young people in online safety lessons.

## Online Identity Toolkit

### Ages 11-14

A series of education packs to encourage young people aged 3-18 to explore how they manage their online identity, and how the internet shapes how they think of themselves and others.

### Ages 14-18

## TikTok Playbook

This TikTok Playbook has all the information and advice you need to support students to use the platform safely.

## Going too far?

## The Law and Online Extremism

A practical resource for teachers to empower young people to recognise examples of extremist behaviour and content online, building resilience through critical thinking and how to access support.

## Talk it over

Teaching activities to start empathetic, honest, and evidence-based conversations on online hate and how to tackle it with 13-17 year olds.

# Resources for Parents and Carers

## [Keeping Under Fives Safe Online](#)

Advice and top tips for parents and carers for keeping young children safe online.

## [Parents and Carers Toolkit](#)

Three resources that offer practical tips and advice on different aspects of keeping your child(ren) safe online.

## [Parents and Carers Resource Sheet](#)

### [Family Agreement](#)

### [Parents' and Carers' Guide: Let's talk about life online](#)

## [Supporting young people online: Advice for foster carers and adoptive parents](#)

### [Adoptive Parents](#)      [Foster Carers](#)

Practical advice to help foster carers and adoptive parents discuss the online world with their children and support them in using it safely and positively.

## [Moving On Up for Parents and Carers](#)

Helping young people aged 10-13 with the online aspects of moving to secondary school.

## [Online Sexual Harassment: Advice Leaflets](#)

Advice leaflets, a short film and further information for parents and carers about online sexual harassment amongst young people.

## [Nude selfies: what parents and carers need to know](#)

Teenagers tell us that sharing sexual pictures and videos is not unusual. It can be risky but don't panic, there are steps you can take if things get out of control.

## [Privacy settings: a guide for parents and carers](#)

Children love to socialise and share online. In this article we look at privacy settings and how they can help your child to manage the content they share and who they connect with.

## [My Life Online – Conversation Guide](#)

A practical resource to guide parents, carers or other adults in an open conversation with a child about life online.

## [Social media – activity sheet](#)

A choice of 4 conversation starters, depending on if your child is on social media, 3 online safety actions and a fun family task, you can learn together about safer social media use.

## [Going Viral](#)

A guide for parents and guardians about supporting young people to be safe when engaging with or participating in online challenges.

# Reports, Guides and Frameworks for Teachers

## [Embedding Online Safety](#)

### [Primary Schools](#)      [Secondary Schools](#)

Guidance for educators and other professionals on embedding online safety messages across the primary and secondary school curriculum.

## [Staff Led Parent Online Safety Presentation](#)

This parent online safety presentation is designed to be delivered by the online safety lead, or designated staff member, in your school, organisation or childcare setting.

## [Moving on up Lesson Plans](#)

Lesson plans for adults helping young people aged 10-13 with the online aspects of moving to secondary school.

## [Digital Resilience Framework](#)

A framework and tool for organisations, policymakers, schools and companies to use to embed digital resilience thinking into products, education and services.

## [Technology in Schools Survey 2022-23](#)

Results of the survey on technology use and suitability within the school sector in England.

## [DfE Digital Standards: Filtering and Monitoring](#)

Schools and colleges should provide a safe environment to learn and work, including when online. Filtering and monitoring are both important parts of safeguarding pupils and staff from potentially harmful and inappropriate online material.

## [Working Together to Safeguard Children](#)

Statutory guidance on multi-agency working to help, protect and promote the welfare of children.

## [Building your School's Cyber Defence: A Cyber Security Guide](#)

Cybercrime isn't just a technical issue. We are all responsible for keeping our colleagues, students and data safe and secure.

## [Keeping Children Safe in Education](#)

Statutory guidance for schools and colleges on safeguarding children and safer recruitment. Safeguarding and Remote Education Understand how to follow safeguarding procedures when planning remote education strategies and teaching remotely.

## [Providing Remote Education: Guidance for Schools 2023](#)

A free toolkit for schools that covers 360 learning outcomes for pupils and students aged 4-18. How schools can maintain their capability to provide remote education when it is not possible for some or all their pupils to attend in person.

# Online Safety Posters

## SMART Rules

You can't block out feelings

How fake is your feed?

"Own Your Online Identity" LGBTQ+ Poster

Reporting Abuse at School
